Department of Anesthesiology

The Lewis Katz School of
Medicine, Temple University

Dr. Tony Petrucci

CEO – DevelapMe

Academic Director of Leadership Development –
Fox School of Business, Temple University

Outcomes

- Discover how improved communication between physicians, nurses, residents and staff translates to improved organizational performance
- Use competency-based, real-time feedback data to drive patient satisfaction, improve outcomes and enhance accreditation reporting
- Accurately measure employee development, increasing your ability to effectively develop and coach employees into leaders

The Value Agenda

The strategic agenda for moving to a high-value health care delivery system has six components. They are independent and mutually reinforcing.

Progress will be greatest if multiple components are advanced together.

“Communication”

cited as a major root cause of reported sentinel events

“Communication”

cited as a major root cause of reported sentinel events

Most commonly reported causative factors

- Problems with hierarchy and intimidation
- Failure in communication with physicians
- Failure of staff to communicate relevant patient information

The image shows a smartphone screen with the 'DevelapMe' app interface. The status bar at the top shows 'Verizon' and '12:56 PM'. The app header includes a back arrow, a home icon, and the text 'DevelapMe'. A logo with 'DM' and a bar chart is in the top right corner. The main content area lists several feedback items, each with a corresponding slider control. The items are: 'Maintains composure', 'Communicates in a timely fashion', 'Demonstrates professionalism with others', 'Displays competence in anesthesia', 'Detail-oriented during patient assessment', 'Has a positive attitude toward learning', 'Is professional, dependable, accountable', 'Prioritizes constant improvement', and 'Works well with patient care team'. A 'Comments (optional)' text box is located between the first and second groups of items. A 'Provide feedback by adjusting the slider' instruction and a 'RESET' button are positioned above the first slider.

Create a Goal

Goal. Create a goal by filling in the section below:

I want to accomplish this... so that I can
desirable outcome.... I will know I've
accomplished this goal when
how you will measure it.... I intend to
accomplish this goal by mm/dd/yyyy. And
don't worry, you can always adjust the due date!

Align. This goal aligns with the following organization-wide goal(s):

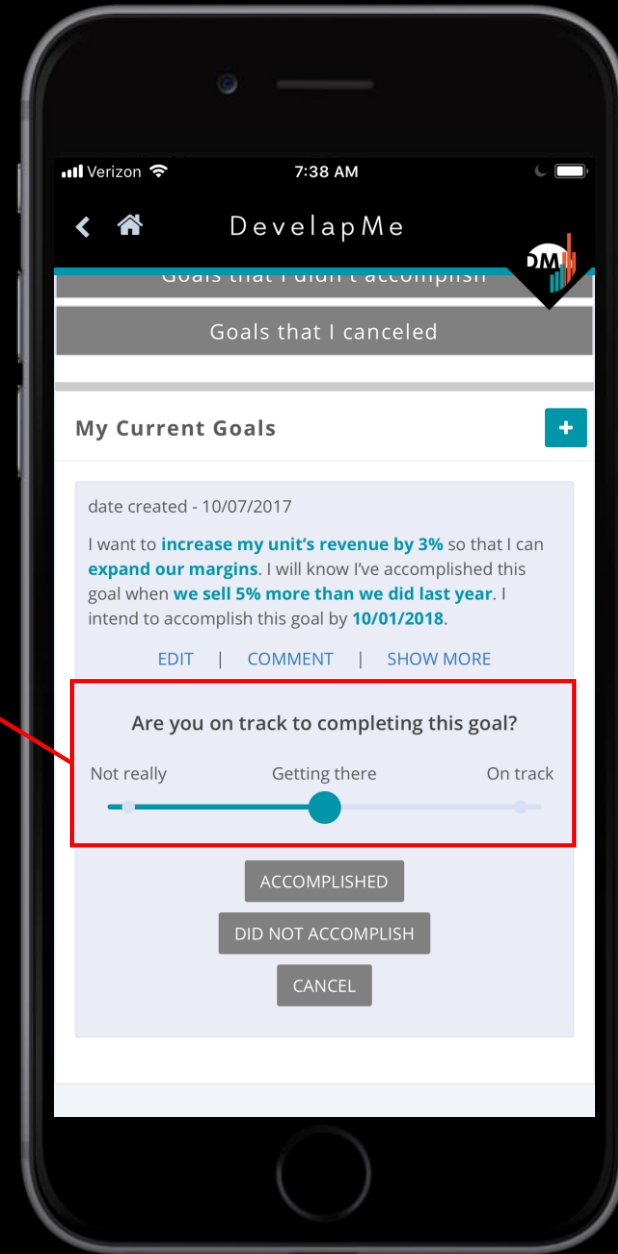

- ☐ Be fanatical about customer support services
- ☐ Create a productive work environment
- ☐ Constantly innovate our products and services

Type. Is this a performance goal or developmental goal?

- ☒ Performance
- ☐ Developmental

Connecting the Dots

The diagram illustrates a vertical flow of concepts. At the top is the title 'Connecting the Dots'. Below it, a horizontal dotted line with dots at each end spans the width of the content area. Underneath this line, three concepts are listed vertically, connected by dotted lines. Each concept is followed by a vertical line and then a descriptive phrase. The concepts are Outcome, Competency, and Behavior, listed from top to bottom. The descriptions are 'Improved patient outcomes', 'Patient Care', and 'Is detail-oriented during patient assessment and anesthetic care', also listed from top to bottom.

Outcome

Improved patient outcomes
