

UMU

(You, Me, and Us)

UMU

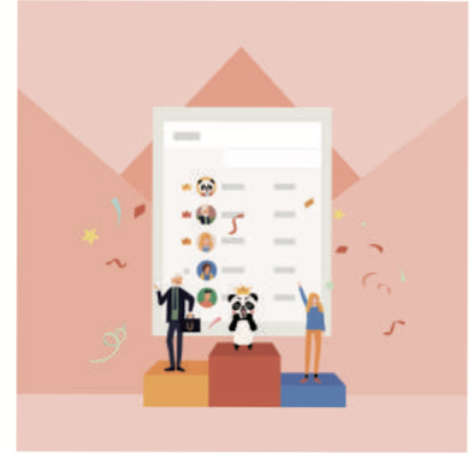

The AI-Enabled Performance Learning Platform

Learn

Practice

Reinforce

How do you offer role-play and practice when you can't meet face-to-face?

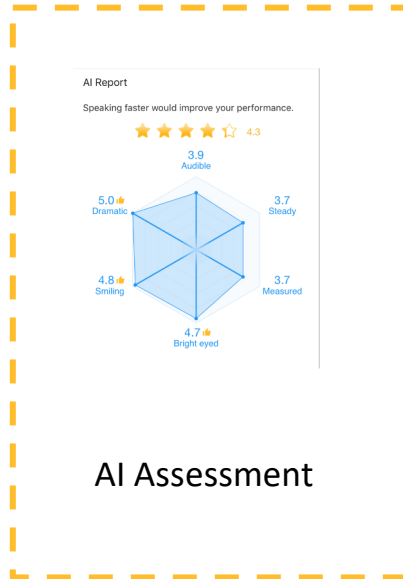

Perfect performance comes from **effective practice**

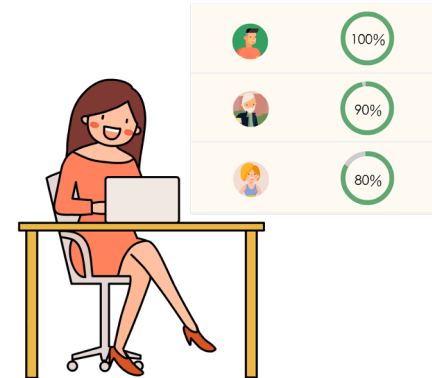

Targeted feedback from multiple sources

Reps Practice
Job-Realistic
Scenarios

Peer & Manager
Assessment

Instant and personalized. Even if manager, peer and trainer don't give feedback, rep can practice with AI.

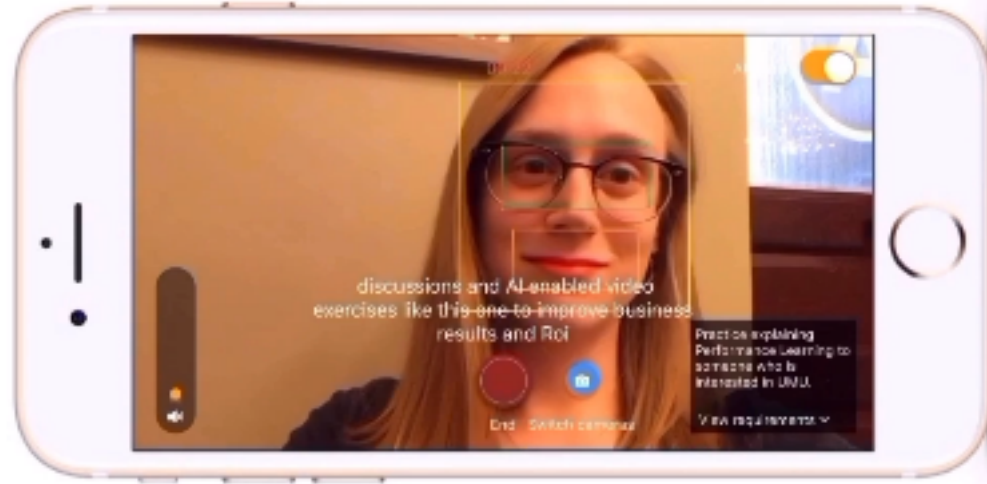

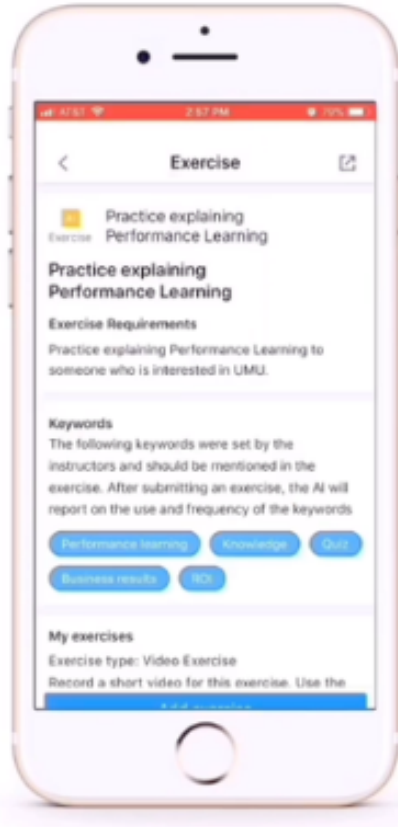

Added benefits of AI video coaching

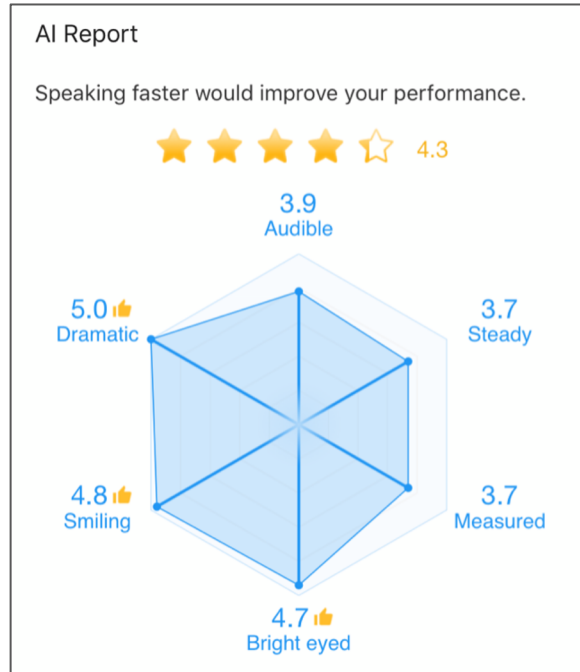

- Unlimited practice
- Personalized feedback every time
- Unique insights into learner behavior

How Learners Practice: AI-Enabled Video Coaching

1. Ready directions / watch video prompt
2. Record response
3. Submit or try again

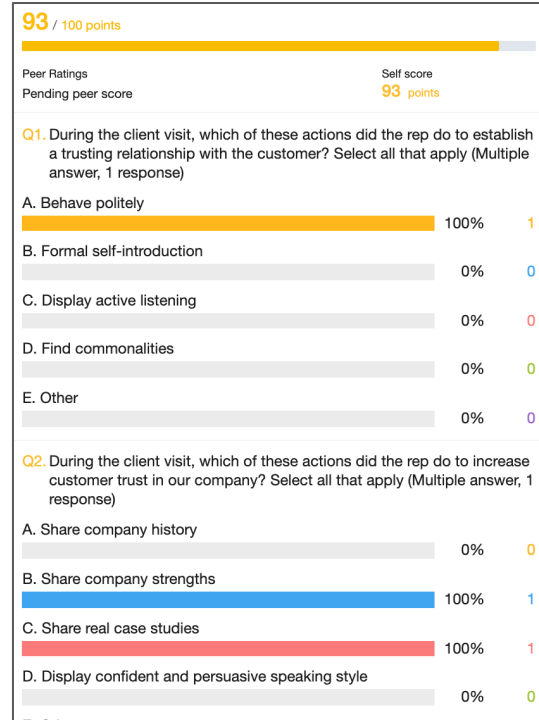

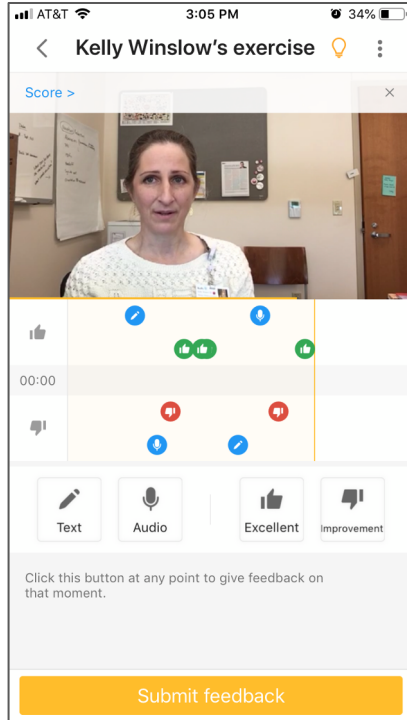

AI provides reps with instant, personalized feedback in a safe environment

- Reps can try as many times as they want and submit their best attempt
- The average UMU learner practices **5.6 times**
- Build confidence to handle real-life scenarios

Timestamped and generalized feedback pinpoints areas for improvement

- Reps can receive feedback from trainers, sales managers, and peers
- Know precisely what they're doing well and what needs improvement
- Reps review feedback at their convenience, no scheduling needed

Custom AI keywords help you evaluate learner practice

Keywords

The AI will monitor the use and frequency of keywords to help instructors judge exercise quality.

 [View AI Report](#)

- Easily see if learners are forgetting valuable information
- Encourage compliance and message consistency

Set score and length minimums to control submission quality as you scale

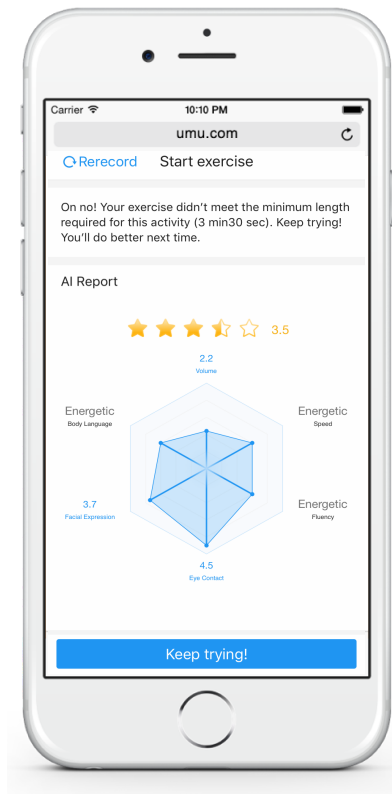

Minimum video length

☐ No limit ☒ Minimum video length m s

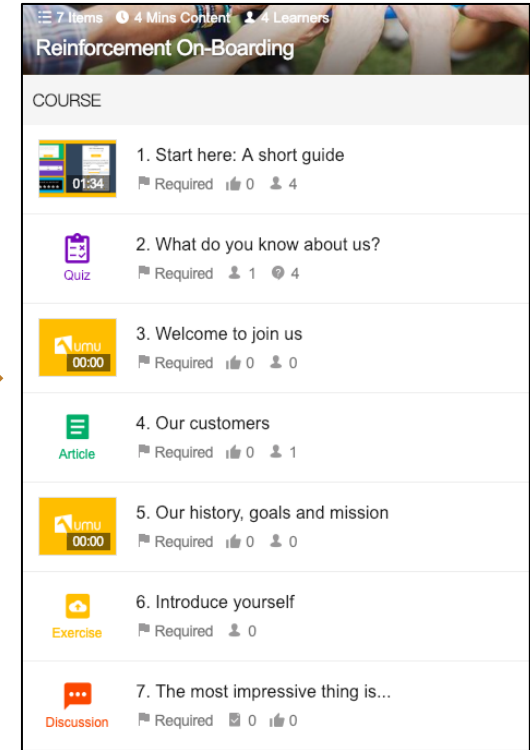

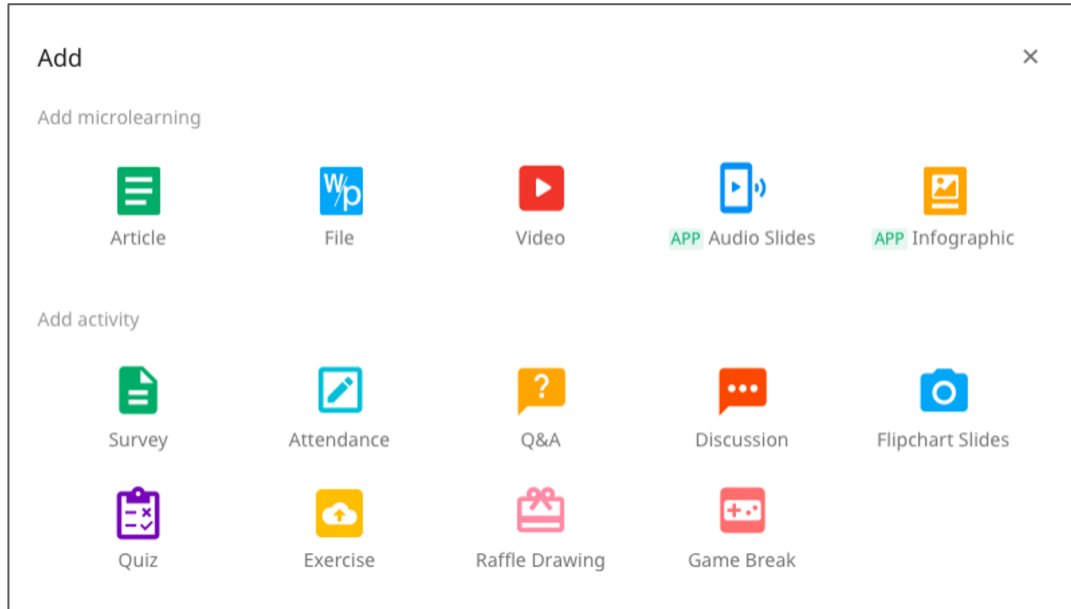

Minimum AI score

☐ No limit ☒ Minimum AI score points

- Automatically filter out low quality practice attempts

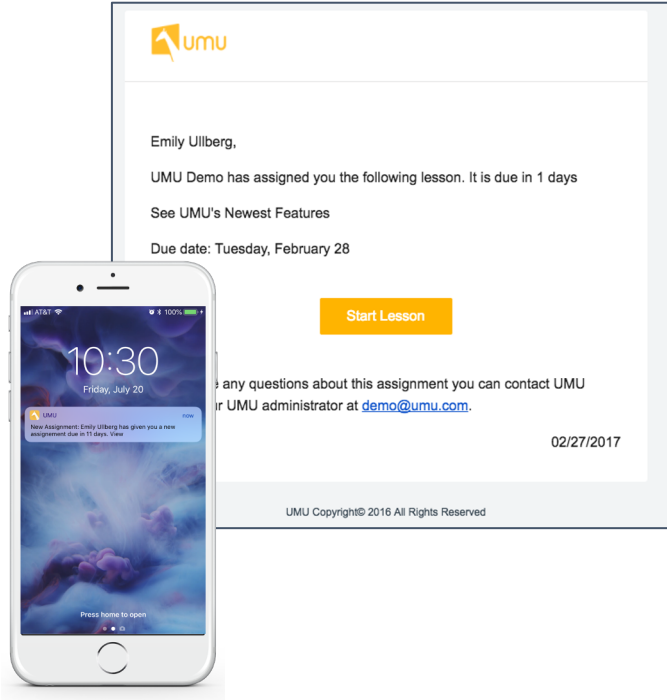

Build learning piece by piece, anytime, anywhere

- Leverage UMU's built-in authoring tools to create from desktop or mobile device.
- Easy to build and update, no eLearning/ Instructional Design experience required.

Keep learners on track, without the hassle

- Email and/or mobile notifications
- Customizable notification schedule
- No need to be the “learning police”

Notification Settings

Milestone Notifications:

☒ Assignment first assigned ☐ Assignment updated and re-assigned ☐ Assignment is due today

Notifications Before Due Date: Select number of days before due date notifications should go out

☒ 1 Day ☐ 3 Days ☒ 7 Days ☐ 15 Days ☐ 30 Days

Past Due Notifications: Select number of days after due date notifications should go out

☒ 1 Day ☒ 7 Days ☒ 15 Days

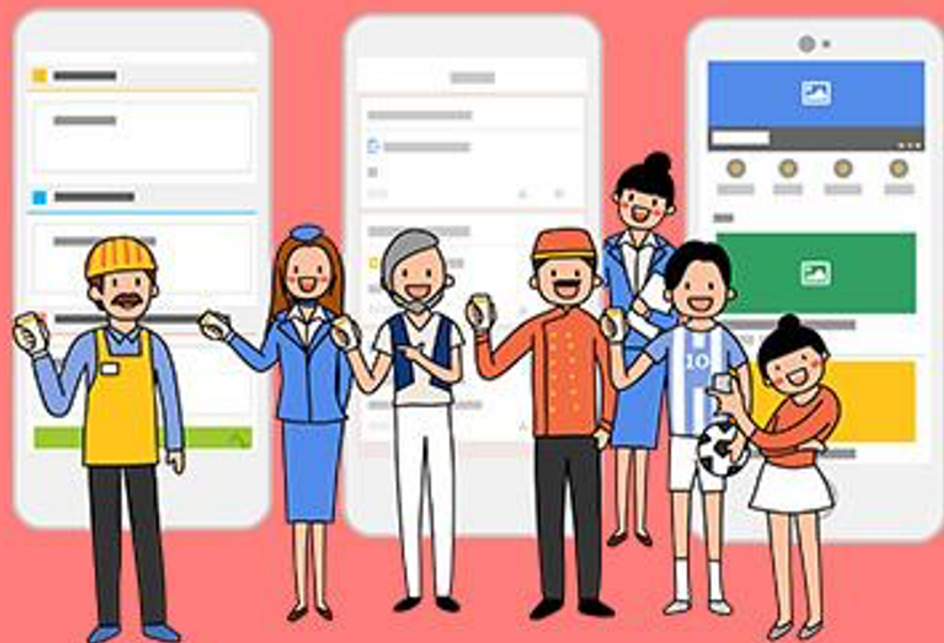

Easily see who's on track, and who's falling behind
